LINN JOHANSEN

Frontend Developer

+1 (971) 570 2725 | linn.es.johansen@gmail.com | linnkognito.com

Hello world!

I'm Linn, an inquisitive swede in Portland, Oregon with a passion for coding and creativity.
Last year marked the beginning of my programming journey, & my goal for 2025 is to solidify it as a career.

My ambition is to work full-time on a motivated team with good communication skills, which is what I am used to & will bring to the table, along with solid work ethics.

I value creating seamless & inclusive user experiences above all else, & write my code with the end-goal of making life easier for users & developers alike.

Skills

●○○ Beginner | ●●○ Intermediate

JavaScript ●●○

React ●●○

Node.js ●○○

Express ●○○

MongoDB ●○○

CSS ●●○

Tailwind & Sass ●●○

HTML ●●○

Misc *Git, GitHub, Postman.*

Experience

» Frontend Development - *H&M* (2024 - ongoing)

I have been studying programming full-time since March 2024, focusing mainly on modern JavaScript and React.
I'm always eager to learn & try new things, continuously finding ways to improve & work more efficiently.

Completed bootcamps:
- » The Complete JavaScript Course 2024
- » Node.js, Express, MongoDB & More

Instructor. Jonas Schmedtmann.

» Visual Merchandiser - *H&M* (2017 - 2024)

As a visual merchandiser, I worked on a creative, close-knit team while independently managing my own departments. My responsibilities included styling, project planning, & installations, all of which successfully promoted sales.

Take-away skills:
- » Project planning
- » Teamwork & Communication skills
- » Time management & Efficiency
- » Merging Creative vision w/ Commercial expectations
- » Paying great attention to detail

Education

» Digital Design - *Medieskolan, Stockholm*

A college level web design program teaching HTML/CSS, Illustrator & Photoshop.

» High School - *Kulturama, Stockholm*

Arts program, specialization Photography & Film.
