Linn Johansen — Frontend Developer

linn.es.johansen@gmail.com | (971) 570 2725 | Portland, OR

※ Profile

Tenacious **front-end developer** passionate about **modern web development and web design**, with my main focus being on **JavaScript**, **React** & **CSS**.

I'm efficient & have been described as easy to work with by previous team members. I thrive when allowed to express my **creativity** either aesthetically, related to problem solving or (preferably) both, & have experience doing so both solo & on a close-knit team. In order to continuously improve, I try to exist slightly outside of my comfort zone. I *love* learning new things to better achieve my never-dying goal of writing **inclusive**, **scalable** & **clean** code that's benefitting users & fellow developers alike.

※ Skills

Frontend	» JavaScript, React, Next.js, CSS (Tailwind, Sass), HTML
Backend	» Node.js, Express, MongoDB
Tools	» Sanity, Supabase, Git & GitHub, Postman
Misc	» Photoshop, Project planning, Team work

※ Projects

Morningstar *React*	A mainly UI focused **React** ecommerce app utilizing the **Context API**, **React Router** & **Tailwind CSS**. I also built a small **API** with **Express** and **MongoDB Atlas** to handle product data fetching. » *Live demo* » *GitHub repo (frontend)* » *GitHub repo (backend)*

Portfolio *React*	My first try at a personal portfolio and one of my first **React** projects. I built this as a **SPA** and it uses **React Query** and **Tailwind CSS**. » *Live demo* » *GitHub repo*
Forkify *JavaScript*	Coursework. A JavaScript recipe web app adhering to the **MVC architecture** with heavy usage of **ES6+ classes**. Features a search functionality, bookmarking & pagination. » *Live demo* » *GitHub repo*
Natours *Node.js*	Coursework. Backend focused app featuring **JWT** based authentication, user login, protected routes, error handling, data modeling, a simulated payment system and more. » *Live demo* » *GitHub repo*

※ Employment History

Visual Merchandiser at H&M

09/2017 - 02/2024 | Portland, OR

`Responsibilities` Methodical **planning & execution** of time sensitive projects, executed either collaboratively or independently, with a strong emphasis on details. Maintaining my own departments to meet business goals, which I often exceeded.

`Successes` Finding balance between my own **creative vision & business expectations**. Developed & ensured promotions for several employees & welcomed feedback to ensure my own growth.

Supervising Visual Merchandiser at Myrorna

05/2015 - 08/2017 | Stockholm, Sweden

Responsibilities Managing my own departments, overseeing deliveries & donations, & store operations. Handling product pricing & presentation which improved sales & store reputation alike.

Successes Supporting individuals getting back on their feet after physical or mental struggles by tailoring my leadership & mentoring approach to them.

Receptionist at Quality Hotel

06/2014 - 05/2015 | Hudiksvall, Sweden

Responsibilities: Independently handling paperwork & audits while ensuring the comfort of our guests, contributing structure & creative solutions to ensure that the business was running smoothly.

Successes: Taking initiative & creatively solving situational problems on the spot.
