Linn Johansen Frontend Developer

Profile

Creative, tenacious **frontend developer** with a passion for **JavaScript** & web design looking for a career change after almost 10 years as a visual merchandiser.
Naturally **detail oriented**, I have spent the past year building a strong foundation in JavaScript & **modern web development** technologies through both project based & theoretical studies.
I thrive when contributing to a motivated team that values **efficiency**, **creativity** & **open communication**, which I think is key to any team's success.
My ultimate goal is to write **inclusive, scalable & clean code** benefitting users & fellow developers alike.
